Ceylon, Serendib

'#SoSri Lanka...

...is that special island in the Indian ocean that offers a cocktail of pristine golden beaches ,blue whales ,leopards , elephants, green fields & mountains , clear blue streams, dangling waterfalls ,architectural marvels, blended in spices , cinnamon and tea and bound in deep rooted philosophy.

When sprinkled with sunshine , exotic landscape and warm Sri Lankan smiles, It's the perfect destination for a cycling holiday or an epic cycling challenge.

When it's all offered in the size of your palm, it's almost like magic a miracle!

The Birth & Growth of #TheUltraCyclist

Ultra endurance cycling is a subcategory of cycling that involves long-distance cycling events that can last for 24 hours, several days or even weeks, covering distances ranging from 1,000 to 5,000 kilometers. These events require riders to have exceptional physical and mental endurance as they cycle for extended periods, often without rest.

The definition of ultra endurance cycling varies depending on the event, but generally, it refers to a distance of 1,000 kilometers or more, with a time limit that ranges from 24hours to several days to several weeks. The first ultra endurance cycling event can be traced back to the 1890s, when the first edition of Paris-Brest-Paris (PBP) was held. This event covered a distance of 1,200 kilometers, and riders had to complete the distance in less than 90 hours.

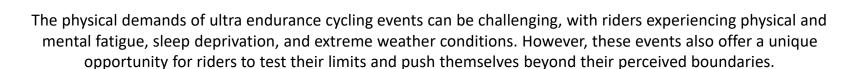

Over the years, ultra endurance cycling has evolved, with more events being introduced across the globe. One of the most famous ultra endurance cycling events is the Race Across America (RAAM), which was first held in 1982. The race covers a distance of 3,000 miles (4,800 kilometers), and riders have to complete the distance in under 12 days. RAAM has gained popularity over the years and is now considered the ultimate test of endurance cycling.

The growth of ultra endurance cycling events can be attributed to several factors, including the increasing popularity of cycling as a sport, the availability of better cycling equipment, and advances in nutrition and training techniques. Additionally, ultra endurance cycling has gained more attention in recent years, thanks to the participation of high-profile athletes and the increased media coverage of these events.

RACE ACROSS SRI LANKA

RACE ACROSS SRI LANKA

#RaceAcrossSriLanka (RAS) through #Ella on 1st/2nd July 2023.

A 330 km slice of Sri Lanka from the cosmopolitan capital of Colombo to Surfers Paradise Arugam bay through the Party City in the hills of Ella This ones is a grind on winding roads on day 1 and a unwind on a long downhills on day 2, #EcstaticDownhills. The Perfect Race / Ride experience to build up for Race The Pearl the ultimate 24 Hour Ultra Endurance Race of the Indian Ocean on the 28th of October.

.

RAS is a Race, a Ride a Party and can easily be converted to a holiday for your friends and family. While you take on the race or ride, your supporters, friends and family will either hit the road with you on a road trip by car or take the Ella Odyssey Epic Train https://www.youtube.com/watch?v=K4RddOJG7R0 to welcome you at the midway point. Some will get to Arugam Bay early to make sand castle, take surfing lessons or sip beer by the beach till you slowly get there on a bicycle \odot

Day 1 /200 Km The 3XB Climbs

Riders will start at 5.00 from City Of Colombo at 3 minute interval and rider through Ingiriya, Ratnapura to take on the climbs

The first 200 kms will challenge the riders with the 3XB climbs , but with a 14 hour cut everyone will make it

B1- Balangoda

B2- Belihuloya

B3-Beragala,

Not forgetting the infamous 7 kms of Haputale (The Big H) coming after B3 Beragla, which is actually the real climbing challenge.

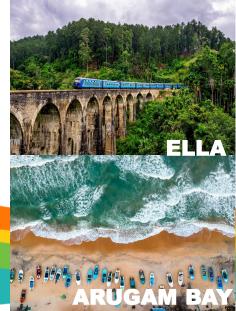

At the peak of Haputale at 1500 meter altitude, you will feel the cold chilly wind and if it rains, it will be perfect for a roadside warm cup of ginger plain tea to rev you up for the Bandarawela long windy downhill. A well deserved reward for the hard work. If it rains a extra layer of clothes and covered gloves will keep you warm The #PartyInElla and the overnight stay is the motivation that keeps the riders spinning over B1, B2 and B3 and the Big H. The ones who make it to Ella early, will have a lot to do and see, We don't want o talk about nature it's an assured gift in Ella. let's keep that secret for the moment

When in Ella shower, beer ,eat , nap and join the party agin in in the night .

Most know that Ella is good for <u>#goo</u>dfood restaurants, a foodie's haven!. We are anchored at Ella 360 our Race Venue Partner

Day 2 /130 kms - #EcstaticDownhills

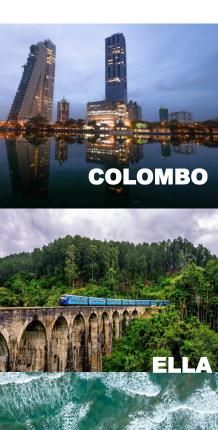

Stage 2 will start with some extra sleep and after breakfast at 8.00 am in 3 minute intervals. As promised will go straight into an amazing downhill through a view made for a picture postcard though the elephant terrain in Buttala till we hear the sound of the Ocean of the East Coast, #arugambay. A total of 135 kms

#raceacrosssrilanka will show a slice of the island like never seen before. From the edges of the Indian ocean, misty hills over climbs good for a Tour De France and thrilling never ending downhills. When It's all done you would have 'Raced Across Sri Lanka'.

Some will set records to be broken and go to the hall of fame and others will ride it chill to enjoy the beer. Race Across Sri Lanka (RAS) in two days is the sister race of the mother all challenges #RaceThePearl (RTP) in 24 hours www.racethepearl.com. You are bound to love both as they both make you fall in love with this beautiful paradise Island, from North to South and West to East.
